

COVID-19 UPDATE

May 13, 2020

Our facility has **1** additional confirmed case of COVID-19 in the past 24 hours with a total of **3** confirmed cases.

We continue to follow the recommendations of our federal, state and local health officials, which include but are not limited to:

- Only essential personnel are permitted inside the facility and they are screened for signs and symptoms of illness prior to entering the building,
- all residents are continually monitored, Housekeeping is performing regular deep cleanings of the facility,
- staff receives education and wears personal protective equipment (PPE) as recommended by the CDC,
- group activities have been suspended and staff is providing individual activities for residents,
- we are implementing isolation protocols as required, and
- we encourage staff to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community.

If you have any questions or concerns, please feel free to contact us directly at 843-537-2060.

5/22/20

Dear Residents and Families/Representatives,

It is hard to believe that it has been over two months since COVID-19 changed our lives so drastically. We have all had to make big adjustments in an effort to keep everyone in our community safe, and we appreciate your support as we continue to take all necessary steps to prevent further spread of COVID-19 in our facility.

As of today, we have 9 residents and 8 staff members that have tested positive for COVID-19. We are continuously vigilant in monitoring our residents and staff members for any unusual signs and symptoms and continue to follow CDC guidelines.

We are committed to seeing the number of positive cases in our facility go down and we will continue to implement and practice enhanced safety precautions recommended by our federal, state and local health officials, such as, only allowing essential personnel inside the facility, performing regular screenings for signs and symptoms of illness prior to entering the building, continually monitoring residents, performing regular deep cleanings, using PPE as recommended by the CDC, providing individual activities as opposed to group activities, implementing isolation protocols as required, and reminding and encouraging staff to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community.

As a reminder, we will continue to post updates on our facility website and we will individually notify representatives/families regarding a resident's condition if he/she tests positive for COVID-19 or is displaying symptoms of COVID-19. If you have any questions or concerns please contact us directly at 843-537-2060.

Sincerely,

Grace Villafranca
Administrator

REHAB CENTER OF CHERAW

May 29, 2020

To Our Valued Residents, Families and Representatives:

We would like to take this opportunity to update you on the status of COVID in our facility. As of today, there are 15 residents and 15 staff members that have tested positive for COVID -19.

While we are disappointed to see the number of cases rising in our facility, we are not discouraged because we will begin mass testing of all residents and staff members soon. We understand an increased number of tests will likely result in more positive cases, but we are encouraged that access to testing will improve our ability to respond to this virus and will enable us to protect our residents and staff in a more targeted way moving forward.

We are committed to stopping the spread of this virus and we will continue to implement and practice enhanced safety precautions recommended by our federal, state and local health officials, such as, only allowing essential personnel inside the facility, performing regular screenings for signs and symptoms of illness prior to entering the building, continually monitoring residents, performing regular deep cleanings, using PPE as recommended by the CDC, providing individual activities as opposed to group activities, implementing isolation protocols as required, and reminding and encouraging staff to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community.

As a reminder, we will post updates on our facility website and we will individually notify representatives/families regarding a resident's condition if he/she tests positive for COVID-19 or is displaying symptoms of COVID-19. If you have any questions or concerns please contact us directly at 843-537-2060.

Sincerely,

Grace Villafranca

COVID-19 UPDATE

May 9, 2020

To Our Valued Residents, Families and Representatives:

We have just confirmed that the Rehab Center of Cheraw has one additional confirmed case of COVID-19.

While we are disappointed that there are new cases of COVID-19 in our facility, we are working hard and following the recommendations of our federal, state and local health officials to prevent further spread of this virus in our facility.

Only essential personnel are permitted inside the facility and they are screened for signs and symptoms of illness prior to entering the building, all residents are continually monitored, Housekeeping is performing regular deep cleanings of the facility, staff receives education and wears personal protective equipment (PPE) as recommended by the CDC, group activities have been suspended and staff is providing individual activities for residents, we are implementing isolation protocols as required, and we encourage staff to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community.

We will continue to provide updates as they become available, but if you have any questions or concerns, please feel free to contact us at 843-537-2060. Also, we encourage you to visit the [CDC website](#) to learn more about COVID-19 and how you can protect yourself and others.
