Please see **Core Principles of COVID-19 Infection Prevention Plan** below:

Core Principles of COVID-19 Infection Prevention

1. The facility will ensure core principles of COVID-19 infection preventions to include:
 - Screening of all visitors when entering the facility for signs and symptoms of COVID-19 to include temperature checks, questions about and observations of signs and symptoms. Any visitor with signs or symptoms of COVID-19 or those who have had close contact with someone with COVID-19 infection in the past 14 days will be denied entry to the facility regardless of the visitor's vaccination status
 - Hand hygiene (use of alcohol-based hand rub on entry and throughout visit when appropriate)
 - Face coverings or mask that cover the mouth and nose

- Social distancing at all times during the visit of at least six feet apart
- Instructional signage the out the facility and visitor education on COVID-19 signs and symptoms, infection control precautions, use of face coverings/mask, specific entry and exit routes to take during visitation, and hand hygiene
- Cleaning and disinfecting high frequency touched surfaces and designated visitation area after each visit
- Facility staff use of appropriate Personal Protective Equipment (PPE)
- Facility must have designated areas for cohorting residents (quarantine, step-down, and COVID unit)
- Residents and staff testing per CMS guidelines
- The facility will adhere to the above core principles at all times
- The facility will conduct visitation that is person-centered and considers resident's physical, menta, and psychosocial well-being and quality of life
- The facility may use physical barriers such as, Plexiglas dividers or curtains to reduce the risk of transmission during visitation
- The facility will conduct visitation that allows residents to privacy during visits
- The facility will not allow visitors to enter who are unable to adhere to the core principles of COVID-19 infection prevention or will be asked to leave
- Facility staff will provide each visitor with the **COVID-19 Visitor Waiver and Release** for execution and will keep a copy in the resident's file. Upon request, facility staff will provide a copy of the executed release to the visitor

Facility Safety Precautions:

We continue to practice the enhanced safety precautions that are known to prevent the spread of COVID-19, such as only essential personnel are allowed inside the facility and we screen them for signs and symptoms of illness prior to entering. Our residents are continually monitored and staff is using PPE as recommended by the CDC. Staff is frequently reminded and encouraged to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community. We ask them not to report to work if they have symptoms of illness.

Please continue to check our website for weekly updates as well as notification of new cases. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly at 240-448-2000.

Sincerely,

Calanthia Green, MBA, BS, LNHA
