

WEEKLY UPDATE
June 25, 2020

Dear Residents and Families/Representatives,

We are happy to report that, as of today, Restore Health and Rehabilitation Center has no confirmed cases of COVID-19. We continue to follow the recommendations of our health officials and practice the enhanced safety measures that are listed on our website and previous communications.

We know the past few months have been a big adjustment for everyone, especially our residents. While our staff are working very hard to make sure they are safe, we also want to make sure they are having some fun! All residents participated in making hand crafted Father's Day cards. The beautifully decorated, colored and painted cards were presented to all fathers in the facility. In celebration of our fathers, we sponsored a hallway celebrity trivia in which residents were able to identify which celebrities were being spotlighted. The staff went from room to room and residents had an opportunity to make banana splits using their own creations. The Activities Department presented residents with puzzles, word search, writing pads, pens, magazines, books and let's not forget the all-time favorites' a variety of different snacks for their pleasure and enjoyment.

As always, please continue to check our website for updates. We will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly at 240-448-2000.

Sincerely,

Calanthia Green
