

## WEEKLY UPDATE

**September 11, 2020**

Dear Residents and Families/Representatives,

Please accept this letter as our weekly update regarding the status of COVID-19 in our facility. We are happy to report that, as of today, we have no confirmed cases of COVID-19 in our facility. As reported last week we have 10 positive residents and 10 positive staff. All have recovered and doing well and all employees have returned back to work. Weekly mass testing for employees is ongoing. Last week 100 employees were tested and I am pleased to report that all the results came back negative.

The outdoor visitation plan to allow family and friends to visit their love ones at the facility that I wrote about in last week update has been submitted to Maryland Department of Health for approval. We ask for your continued indulgence as we work through this process with MDH to ensure that all the directives are adhered to in the plan.

Once the plan has been approved you will receive further communication from us as to how and when visitation will occur.

Please continue to check our website for weekly updates as well as notification of new cases. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly at 240-448-2000.

Sincerely,

*Calanthia Green*
